EXPERTISE

- Web design
- Web development
- Graphic designer
- SEO Marketing

PROJECTS

- Landing page
- Portfolio website
- Calculator app

ABOUT ME

I am a passionate and dedicated frontend developer with a strong foundation in Java programming. I hold a degree from [Your College Name], where I honed my technical skills and developed a deep understanding of software development. My journey in the tech world has been enriched by practical experiences, including a successful short-term Java course internship at ITXperts, where I scored 95 out of 100 in the final test, and an ongoing web development internship at Codsoft.

I specialize in creating visually appealing and user-friendly web interfaces using HTML, CSS, and JavaScript. My attention to detail and commitment to delivering high-quality work have been demonstrated through various projects, including the recent development of a landing page for Codsoft.
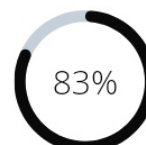

EDUCATION

- 10th from st.benedicts school (CBSE Board)
- 12th form st.benedicts school (CBSE Board)
- Currently pursuing B.Tech from CSE branch at University Institute of Technology.

SKILLS SUMMARY

HTML	CSS	Javascript
